Contract can't be cancelled once signed

Single Car Driveway: a driveway which can park cars 'end on' only.

Double Car Driveway: a driveway which can park 2 cars beside each other.

Triple Car Driveway: a driveway which can park 3 cars beside each other.

Shared Driveway: a driveway connected to your neighbour and can park cars 'end on' on your property only.

(Shared driveway price is for each house. Both houses must sign up together at the same time and send their information in together)

A Friendly Reminder.....things to do for the upcoming season.

- Leave outside lights on so the house numbers are visible.
- On garbage days, do not put garbage on laneway or on the side of the lane where snow is pushed.
- Contact numbers are only for emergencies, the more times we are paged and have to respond, the longer it takes to get our job done.
 - Vehicles that stay in the laneway are to be parked close to the garage and preferably to one side. Our blowers are 8 ft wide
- Please mark laneway with wood sticks two feet high (not steel). Remove all down spouts from driveway. We will not be responsible for damaged eaves
 - If you get your sidewalk shoveled, it will not be done until all other work is completed.

Adhering to these expectations enables us to be more efficient and serve you to the best of our capabilities.

If paying by credit card, Dean Ryan Enterprises Inc has the authority to charge your credit card for any over centimeter, at the discounted rate provided by the company.

If centimeter is reached. Contract will still be in force and you will be charged based on contract price. (price of contract divided by 254 cm's would be your cost per centimeter) or cancel service once limit is reached by email only at deanryans@rogers.com

Thanking you in advance for your cooperation,
DeanRyan's
